INDIAN INSTITUTE OF TECHNOLOGY MADRAS

Office of the Dean (Students)

Ref. No.: IITM/AA/2026/116 Date: 07 September 2026

Subject: Further Revision of Student Reporting and Commencement of Academic Activities – Academic Year 2026

The Indian Institute of Technology Madras hereby informs all concerned students that, pursuant to a comprehensive review of the arrangements necessitated by the extended admission and counselling cycle for the Academic Year 2026, the schedule for physical reporting and commencement of academic activities has been further revised.

The Institute has been undertaking extensive preparatory measures concerning **hostel occupancy and safety clearances, readiness of academic and laboratory infrastructure, course registration, departmental allocation, and rationalization of academic timetables** for the affected batches. The extended admission process and consequent changes in the academic calendar have required additional time to ensure that these arrangements are completed in an orderly manner before students are required to report physically to the Institute.

In view of the above, the Institute has decided to **defer the commencement of student reporting and associated academic activities** to the revised schedule specified below:

Particulars	Revised Schedule
Student Reporting	21 Sept 2026 (Monday)
Hostel Check-in & Accommodation	21 Sept 2026 (Monday) – 25 Sept 2026 (Friday)
Departmental Reporting	26 Sept 2026 (Saturday)
Course Registration / Academic Formalities	Will be informed
Commencement of Classes	28 Sept 2026 (Monday)

Students are advised to **make or revise their travel arrangements accordingly** and are requested not to report to the Institute or designated hostel facilities before the dates specified above unless specifically instructed by the Institute.

The Institute has taken this decision after due consideration of the academic and administrative requirements of the affected batches. The additional time is intended to ensure that hostel accommodation, essential academic facilities, laboratory arrangements, departmental allocations, course registration, and other student-support mechanisms are adequately prepared before the commencement of on-campus academic activities.

Students whose academic progression has already been affected by the revised admission schedule shall be provided with appropriate academic instructions by their respective Departments. Such students are advised to continue their academic preparation using the learning resources and instructions already made available by the Institute.

Detailed instructions relating to **hostel allotment, fee payment, departmental reporting, course registration, academic schedules, and commencement of coursework** shall be issued separately through the Institute's official communication channels.

Students are advised to rely exclusively on communications issued through the **official IIT Madras website, Institute email systems, and other designated official channels**.

The Institute regrets the inconvenience caused by the repeated revisions to the academic and reporting schedule. The present revision has been made with the objective of ensuring a **safe, orderly, and academically appropriate commencement of the academic session** and to avoid further disruption to students after their physical reporting.

All concerned students are requested to take note of the above and make necessary arrangements accordingly.
